

HOME HAPPENINGS

—Regular monthly meeting of council next Monday night.

—E. C. Diehl is the latest local purchaser of a new fully equipped Ford sedan.

—Robins are nesting and young birds will be ready for cherry picking when the fruit ripens.

—F. L. Lynn is building a garage near his North Broad street residence on the site of a barn recently razed.

—Negotiations are still on for the purchase by Youngstown parties of important business interests in Canfield.

—The meeting of Dublin grange on Tuesday night attracted a large crowd and the special program was much enjoyed.

—The village park shows no evidence of time or money having been recently spent in making it present an inviting appearance.

—A truck making the turn Wednesday at the intersection of Broad and Lisbon streets carried a load so high that telephone wires were torn down.

—Leaves of soft maple trees have shown great development the last few days and promise soon to be furnishing shade not now needed by a long shot.

—While Master Harold Van Arsdale was playing behind the bat at school Monday morning a foul tip caught him under the eye, closing it and cutting an ugly gash in his cheek.

—The weather man these days is strong on wet stuff, some of which doubtless be needed next summer more than now when the earth is thoroughly soaked.

—The wheat crop in this quarter of Ohio is estimated by competent men who have made surveys at 40 to 50 per cent. This is startling, if correct, and means that still higher cost of living is in prospect.

—There has been a grand rush this week to make return of personal property to County Auditor Faust. Friday is the last day to report unless changes are taken in losing the \$100 exemption allowed by law.

—A quantity of government seeds has been sent by Senator Pomeroy to the local postoffice for distribution. Only one package containing several varieties of vegetable seeds will be given to a family and none to children.

—Here it is about the first of May and still much oats to sow and little if any corn ground ready for planting. The prospect of bountiful crops is anything but promising in this year of cold, wet and backward spring weather.

—The old horse shed in the rear of the Presbyterian church, unused for a long time, is being razed. The trustees have served notice that all persons having any claim on the material must file same at once or forever hold their peace.

—Last Friday night at their home on East Main street, Mr. and Mrs. B. M. Powers delightfully entertained quite a company of friends, the hours being spent socially along with games and music. Tempting refreshments were charmingly served.

—There was a large attendance at the Interchurch World Movement meeting held last Sunday night in the M. E. Church. Addresses were delivered by Rev. W. S. Goodie and J. V. Schrock of Youngstown who made plain the need of raising \$339,777,000 to accomplish the work aimed at by Protestant churches of the country.

—The Harding meeting announced for Canfield last Saturday night did not draw largely, barely a baker's dozen of the faithful being in attendance in the room of the Mahoning Supply Co., and half of them came with the speaker, Judge U. C. DeFord, who talked well even though his audience did not have to be warned not to crowd.

—Robbers visited the office of C. H. Neff's supply establishment last week Thursday night and made a diligent search for money but were unable to find it. Mr. Neff having taken the precaution to remove temptation. Some months since mercantile visitors to the office made a pretty good haul and no chances have since been taken to sustain similar loss. The would-be robbers left no clue.

—"Who's Who," a play written and presented by the teachers' training class of the county normal, under the direction of Goldie Conry, attracted an audience that packed college chapel to the doors last Friday night, making it necessary to repeat the performance Saturday night, when a large crowd enjoyed it as much as the first one. The entertainment was most creditable to the school and participants.

—Will Platt of Youngstown spent a few hours in the village last Sunday afternoon. He was superintendent for the county of the building on West Main street and expressed great satisfaction over the way it is standing the tremendous strain constantly passing over it, not a single hole yet having been cut in it. He said that arrangements have been made just as soon as the weather permits to treat the road to oil and additional material, as was done last year.

—Miss Jessie V. Kidd, who for the last ten years has made her home with Mr. and Mrs. L. A. Manchester in this township, and Walter W. Sweeney of Youngstown were united in marriage in Youngstown last Saturday. Rev. W. H. Hudson, pastor of the First Presbyterian church, performing the ceremony at the presence of the presence of a few friends who accompanied the happy couple. In the course of a few weeks the young people will begin housekeeping in Youngstown.

—Despite unfavorable weather conditions, more than one hundred Odd Fellows, Rebekahs and friends attended the celebration of the 101st anniversary of the establishment of the order in America held Monday night in Odd Fellows' hall. A pleasing musical and literary program was presented. There was quite a sprinkling of men who have long been members of the order and their reminiscences were much enjoyed. A cake made for the anniversary celebration in 1819, and not cut, was exhibited by H. L. Sonnedecker, veteran financial secretary of the lodge, and it showed not a bit of the ravages of time after all the 28 years that have elapsed away since it was baked by Mrs. Sonnedecker, and may furnish the basis of a feast when it has rounded out a full century. Supper, which the Rebekahs know so well how to prepare, was served in the dining room and it is hardly necessary to remark that all present enjoyed it.

—Won't be long now until lawn mowers must be brought into action, and some wives, just like as not, will refuse to get busy.

—At a Presbyterian congregational meeting held at the church last Thursday evening E. A. Arnold acted as chairman and the following officers were chosen for the ensuing year: Elders, Dr. C. H. Campbell and Floyd Hunt; six trustees re-elected; congregational clerk, H. S. Manchester; treasurer, F. A. Morris; current financial secretary, S. A. Arnold; benevolence secretary, A. A. Manchester; financial secretary, S. A. Arnold; treasurer, W. F. M. S. Mrs. A. A. Manchester. Rev. W. P. Hollister, pastor, was voted an increase in salary of \$400, to \$1,800. An excellent supper served by the ladies of the church put everybody in good humor for the business session.

—Citizens are urging council to adopt measures to put a stop to overloaded trucks passing over improved roads in the village. Monster trucks carrying everything under the heavens line the roads day and night and highways are being destroyed. At least one truck is parked on Broad street that the thoroughfare is nearly blocked. Trains of 25 or more of the heaviest model trucks made are plying between Massachusetts, Connecticut, Rhode Island and other eastern parts carrying mountainous loads of automobile tire fabric. It is returning have cargoes of tires. It was said by one of the drivers that 1,200 of these trucks are in service between points indicated. Something must be speedily done to protect the roads against these heavy or very soon they will be completely destroyed. It is pleasure cars keep coming strong, but they are not to be compared with the truck menace to roads.

NEIGHBORHOOD NEWS

—Garfield has visions of an automobile factory.

—W. H. Rickard, leading Alliance businessman who was born and reared in Berlin Center, died Tuesday, aged 74.

—At the Beaver township primaries Tuesday the proposition to issue bonds to improve the road from East Lewistown westward to the Green township line carried by a big majority.

—An unsuccessful attempt was made early last Saturday morning to rob the Levisburg postoffice. The crackers were evidently frightened away as they left a lot of stolen tools behind them.

—Milton township schools will hold their annual picnic in Milton grange hall, Saturday, May 1. The day will be spent in games, a dinner, and a short afternoon program. This will be one of the great events of the year for Milton people.

—The Four Mile Run Christian church in Austin township, the oldest of its denomination in the quarter of the state, will celebrate its home-coming next Sunday and great crowds are expected. It is planned to raise funds to erect a new parsonage.

—Niles and East Youngstown, like other adjoining valley towns, have grown into cities the last decade. Census gives Niles a population of 10,000, an increase of 1,110, or 12.1 per cent since 1910, and East Youngstown 12,000, an increase of 1,200, or 10 per cent. New and enlarged industrial plants are responsible for this phenomenal growth.

—John Singer, until Feb. 25 East Youngstown garage conductor, was arrested Saturday night charged with presenting false bills to the amount of \$2,000.00 and \$1,000.00, a former co-conspirator, who at the time was on an important council committee, is held for approving them. Singer confessed and said he split the money 50-50 with a retainer. The men gave bail for appearance in court.

—Dave Thompson, 29-year-old veteran soldier, who committed suicide the Friday of smoking deficit with a loaded revolver, after a long career, spent several months in and out of police having attempted taking his life with acid, was taken in charge on suspicion, and once more a soldier who had seen the gall hanging out of a window after he was hanged, executed and buried. He was committed to county prison and was held on \$10,000 bail.

CARD OF THANKS
We wish to extend our thanks to all who took part in the anniversary celebration of the county normal, under the direction of Goldie Conry, attracted an audience that packed college chapel to the doors last Friday night, making it necessary to repeat the performance Saturday night, when a large crowd enjoyed it as much as the first one. The entertainment was most creditable to the school and participants.

Calla promises to make a big showing in the next census.

Residence of Dr. Schiller in North Lima destroyed by fire.

J. W. Moore re-elected superintendent of Leontia schools.

Asa Jones is erecting a cremery on his Berlin township farm.

Team belonging to B. A. Tubbs run away with Charley Cronk.

Cornersburg schools closed on account of sickness of pupils.

Talk of extending the Niles & Lisbon railroad to East Liverpool.

Wm. Hibbush of New Buffalo bought five cows in Ellsworth township.

John Moheman, residing near Rosemont, taken to Newburg for treatment.

Money being raised to buy a one-horse lawn mower for use in Canfield's park.

Oil-tongued fakir held forth on Canfield streets and caught a lot of suckers.

At Lordstown Mr. and Mrs. G. W. Harshman celebrated their golden wedding.

I. Callahan is erecting a large barn and other buildings on his farm in Canfield.

North Lima cemetery sold by sheriff purchased by J. H. Ruhliman and H. A. Ernst.

Prospect of Akron & Eastern railroad being built through central Mahoning county.

Geo. Myers, 84 years old, walked from Niles Corners to Youngstown and back again.

C. J. Misner and Miss Mary Kious, former student and instructor in the normal, united in marriage.

First commencement of Beaver township high school in Mt. Olivet Reformed church in North Lima May 18.

Judge E. M. Wilson of Youngstown has gone to Tacoma, Wash., to manage a new rolling mill owned by Youngstown capitalists.

A steer sold by W. T. Hawkins of Berlin became mad while being driven to the station scales to be weighed and held men at bay for two hours. Then it started in the direction of home and fell dead.

BIG PRODUCTION OF PEACHES

OF 29,000,000 Bushels Grown in 1919 California Leads With 9,669,000 Bushels.

The farm production of peaches in 1918 was 34,000,000 bushels and, according to estimates, in 1919 was 50,000,000 bushels. The commercial crop, in distinction from the farm production, for each of the past three years was as follows: In 1917, 29,000,000 bushels; in 1918, 21,000,000 bushels; in 1919, 29,000,000 bushels. These figures are taken from a compilation recently made for representatives of the bureau of plant industry, United States department of agriculture, in connection with a comprehensive study of the peach industry in the United States and the production of various districts.

It was found that 34 states have an annual average production of more than 100,000 bushels each, Idaho's crop being the smallest of the 34, and California's the largest. The latter's average annual production of peaches for the five-year period 1912-1916, inclusive, was 9,669,000 bushels. Georgia ranked second with 4,500,000 bushels, Arkansas third with 3,500,000 bushels, Texas fourth with 2,877,000 bushels, and Missouri fifth with 2,670,000 bushels. While California far exceeds Georgia in yield, a large part of the former's peach crop is used for drying and canning, and in shipments of fresh fruit Georgia normally leads all other states in seasons of a good crop.

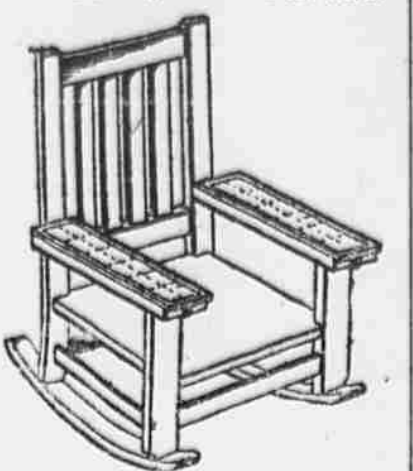

WHY SOME TREES DON'T BEAR

Various Reasons Assigned for Lack of Fruit—Weather interferes With Pollination.

There are many reasons why trees do not bear fruit. Some trees like the Jonathan produce fruit in five years while it takes seven years for other varieties such as the Northern Spy. Some trees blossom, but do not bear. Spray injury and lack of vigor of the trees may be the cause of no fruit. High winds, cold dashing rains and cold weather often interfere with the proper pollination and no fruit is the result.

Your Fordson Tractor, Plow and Harrow is at Fowler's Ford Garage, Canfield. Now is the time when it will be decidedly advantageous to possess this fine labor-saving equipment, call and let us talk to you further about this matter.

"Ada" in the Chair.
A Southern business man has devised a novel method of advertising. This is the chair arm of seats used by the public in stations, parks, pleasure piers, on steamboats, etc. His idea is simple enough. A frame with a hinged lid is clasped to the arm of a chair in any suitable manner and the space within the frame

is divided up into advertising cards, which are protected from mutilation and destruction by the elements by a glass cover. The cards can be readily changed or transposed, and usually when one occupies such a chair it is during a leisure moment, when one cannot resist reading and receiving even the most hackneyed and stereotyped advertisements when thus thrust before the unoccupied eye.

The Cost of Bull Fighting.
Bull fighting in Spain is not suffering from lack of patronage, for during the last year some twelve thousand bulls were killed in fights. From three to six bulls are killed at a performance, and at least 2,000 fights may be reckoned.

Bulls for fighting purposes are costly. They are raised on special ranches and are intended for fighting and no other use. One of the largest is that of the Duke of Veragua in Andalusia, and his ranch has a tremendous fortune for him. The bulls are smaller and more numerous than the common cattle, and properly handled will put up a fight. That they will not give without a struggle is proven by the fact that some ten thousand horses were killed by the bulls in the different fights.

Unlike the bulls, the horses are of the cheapest sort, and some are so infirm that they can scarcely totter about the ring until disemboweling brings them relief from their torture.

Plants Affected by Ether.
Ether, chloroform, no useful in sending men to sleep, have the very opposite effect on plants, which are stimulated to the greatest possible activity by these drugs. In Denmark and Germany advantage has been taken of this fact to force flowers in rooms and greenhouses, and to make them bloom out of season. The results are said to be marvellous.

SHERIFF'S SALE
Emily D. Shingfield, vs. J. Church Canfield, et al.
By virtue of an order of sale in partition issued from the Court of Common Pleas of Mahoning county, Ohio, and to me directed and delivered, I will offer for sale on the premises, in said county.

Your Child's Eyesight

You are responsible for the sight of your child. Watch out for frowns, for squints, and when they read of look at picture books do they hold it too near or too far? These little things grow faster than the child, and in many cases can be overcome if discovered in time.

I Especially Insist on Your Bringing the Children In.

Defects of vision never disappear of their own accord and in most cases they grow worse. It's a duty you owe your child, and I can prove by the test if I can fit them, which is free, and you don't have to pay for some worthless instruments in the testing room.

I don't want your money if I can't fit you. Come in.

T. D. Carpenter,
Phone 107. Canfield, Ohio.

Having had 47 years' experience all I have to say is, before you advertise your public sale, I would like to contract with you and show you that I can deliver the goods. You have done more than a little to help me. Thanks.
